Vegetable Processors

BOTH COME
COMPLETE WITH
FOUR BLADES
DF3, DF5, DT3
AND DQ4

V-CUT Vegetable Processor

- Fully customise the cut of any fruit or vegetable
- Slices, cubes, frays, matchsticks, juliennes and micro cube (brunoise) are now easy to make quickly and precisely
- Using the rotating feed hopper, the new DB discs allow you to cut cubes to a minimum of 4x4mm without ruining the product
- Practical and wide product feed hopper
- Product pusher allows a greater load and greater hold of the product
- Rotation introduction tube for brunoise cutting
- Removable lid for quick cleaning
- Stainless steel controls
- Maximum safety with coded microswitch and control unit on the lid

THE INNOVATIVE DF1-7 ADJUSTABLE DISC ALLOWS YOU TO CUT SLICES OF THICKNESS FROM 1 TO 7MM

THE DB4 DISC ALLOWS YOU TO CUT MICRO-CUBES AS SMALL AS 4X4MM

Smart Kitchen Timer

Improve efficiency, quality and consistency while saving money by reducing waste, employee training time and operating costs. With the Smart Kitchen Timer, you can rest easy knowing that your kitchen is always operating at peak performance.

- Features a glove safe, 6.8" touchscreen display which utilises 'tiles' instead of traditional product channels
- Users can programme an unlimited number of tiles, each containing a unique icon, description, timer, duty cycle and action message
- Programme and make changes wirelessly through the powerful configuration tool
- Programme up to 200 job aids such as build cards, operation instructions and cleaning instructions for employees
- Numerous probe and sensor options available for temperature, humidity, current and level monitoring
- Fully encapsulated control board for protection against heat, humidity and grease
- Easy mounting in any location with either horizontal or vertical screen orientations

MULTIPLE LAYOUTS TO CHOOSE FROM

Smart Kitchen Timer

CODE	DISPLAY	W X D X H
A T-2268	Unlimited Tiles	197 x 35 x 88mm

Single-Programme Kitchen Timers

- Ideal for many kitchen applications, including monitoring frying, grilling and prep stations, and tracking coffee-making and employee handwashing
- Easy-to-use timers count down in minutes and seconds, or hours and minutes
- Each channel is single function and has its own display showing the amount of time remaining
- Improves food safety and maintains proper product consistency and quality
- Space-saving design
- Water and grease-resistant
- Available with either single or multi display

Steambox Electric Self-Cleaning Basket Rotisserie

new

**SLEEK TOUCHSCREEN
GLASS CONTROL PANEL**

**AUTOMATIC STEAM-
CLEANING SYSTEM**

Easy cleaning, every time.

A compact rotisserie for an optimum roast.

- Incomparable cooking results thanks to a combination of fan-assisted hot air (for a tender product) and direct infra-red heat (for colour and crispy skin)
- Revolutionary automatic steam-cleaning system takes only 15 minutes to complete
- Interior can be easily dismantled prior to steam-cleaning
- Sleek touchscreen glass control panel with digital thermostat and "temperature hold mode"
- View product from front and back windows with quartz lighting protected by glass ceramic
- Automatic shut-off once the product is cooked
- Optional mobile trolley and storage cabinet

Heated Holding Trolleys

- Designed to keep food and dishes warm with high performance and low power consumption that guarantee maximum quality and temperatures above 65°C.
- Unique system makes it impossible for pans to touch the cabinet base or sides, this results in an even and constant circulation of air throughout the unit
- Trolleys are easy to manoeuvre with back and side handles, rotating wheels that turn 360° and front wheels fitted with brakes
- Includes thermostat for regulation of temperatures between 0°C and 100°C. Provided with humidification container
- With the exclusive system of weldless monoblock pan-guides, cleanliness inside is greater, easier and faster

ENERGY SAVING
Thanks to the extraordinary thermal insulation system, the desired temperature is achieved more quickly and the heat is conserved for longer periods.

Heated Holding Trolleys

Gastronorm Food Pan Trolley

Unlike the array of metal trolleys on the market, both aluminium and steel, the Cambro unit is constructed with state-of-the-art composite material. Stronger than steel, but without the failing weld points, rust, and corrosion.

- Sleek design presents well front or back of house
- Modular component-based construction eases cost of maintenance, with all parts replaceable
- Wide 3" rail spacing offers versatility and ease of use
- Pan stops provide stability
- Total weight capacity – 45kg per rail set
- Impervious to food acids or harsh chemicals

Side-Cut Manual Can Opener

Six turns is all you need!

new

No more sharp edges

CAN-LOCKING FEATURE HOLDS THE CUTTER ON THE LID FOR SEAMLESS OPENING (UP TO #10 SIZED CANS)

TOUGH, STAINLESS STEEL CUTTER CUTS OF CAN AND CAN EASILY BE REPLACED

RAISES AND LOWERS EASILY OVER ALL CANS TO ENSURE SAFE AND QUICK CAN OPENING

PULL PIN QUICKLY RELEASES FOR EASE OF CLEANING

REMOVABLE CUTTING BLADE ASSEMBLY IS SUPER EASY TO CLEAN

- **No More Sharp Edges** - Opens seam of a can, instead of puncturing the lid with a blade, so there is no sharp edge.
- **No Cross-Contamination** - no food contact with the blade, unlike conventional can openers.
- **No Risk of Metal Shavings** - Since lid is not being cut with a blade, metal shavings won't get into the food.
- **No Gears to Wear or Break** - Removes the possibility of downtime.
- **Durable Construction** - Made of stainless steel and nickel-plated aluminum for durable performance.
- **Tough, stainless steel cutter** design with SUS420 grade material.
- **Permanently mounts to Countertop** - includes stainless steel screws.
- **Built-in Can Rest** - allows cans to rotate freely.
- **No sharp blades to replace**, and easy tool-free blade assembly replacement.
- **Designed to last and work great** - life tested on up to 5,000 cans.

Cocktail Trolley

new

Elevate your customers' experience through mixology. Its elegant, functional and mobile design allows you to create unique cocktails on the move! Innovative and versatile with multiple storage spaces and a large work area.

Give your customers an unforgettable cocktail experience.

- Strategically placed compartments keep everything at your fingertips.
- Features a drawer with metal guides, 5 rails for hanging glasses and a side rail which allows for 3 additional bottle racks to be hung, thus increasing the bottle capacity.
- The spacious work area with either a wooden top or stainless steel top is ideal for preparing cocktails and presenting drinks in style.
- The stainless steel model includes a 6-compartment seasoning box and it is complemented with an internal drainage area and 2 x 1/3 GN trays specially designed for perforated ice.
- Heavy-duty swivel wheels – two with brakes.
- Optional Hanging Bottle Rack fits both cocktail trolleys – ideal for liquors and mixers!

Ez-Kleen Sauce Bottles

EZ-KLEEN® sauce bottles help streamline operations with a plating and food-prep sauce dispensing solution that is easy to use, clean, and affordable.

Fill from the top, and gravity directs contents toward the leak-resistant dispensing valves that are protected from surface contact by the unique cap design. Their smooth side walls make cleaning a breeze.

- Unique smooth side walls and same-sized openings on both ends make filling, dispensing, and cleaning a breeze
- Gravity directs contents toward the leak-resistant valves
- Solid and valved caps conveniently fit both ends of all three bottle sizes
- Durable polyethylene and NSF certified
- Three valve options for thick-to-thin sauce dispensing:
 - Green valve for thin sauces like balsamic vinegar
 - Yellow valve for more viscous sauces like mayonnaise
 - Blue valve for thicker sauces like tartar sauce
