Handheld Milk Frother

Create barista-style drinks at home in minutes with the new Dualit Handheld Milk Frother. Ideal for making a flat white, cappuccino, latte, mocha, milkshake, or a decadent hot chocolate, without needing to visit a coffee shop. A range of unique accessories ensures perfectly texturised hot or cold frothed milk for a variety of drinks, including the on-trend flat white.

Decadent hot chocolate at home every day

No need to prepare or buy a special brand, just break-up a few squares of your favourite chocolate and add to the frother, for the dreamiest, frothiest hot chocolate. Works equally well with chocolate flakes, buttons or powder.

Easy Cleaning Technology

The patented motor over-run prevents milk from burning in the jug, and the smooth, non-stick interior, ensures minimal cleaning time. Just a quick rinse and wipe, then it's ready for your next cup.

Simple to Use

Simple one-touch operation makes the Handheld Milk Frother easy to use. The frother also switches off automatically when it reaches optimum temperature.
