

LET'S GET
BACK TO
WORK

CONTENTS

As our amazing industry starts to emerge from the Covid19 crisis, we will find ways of working and operating that give customers a way back to a new normal.

Now, more than ever, we need great value and innovative solutions to build confidence and get on the road to recovery.

Working with our supply partners, Lockhart has brought together a wide collection of solutions to help you present your culinary creations in an innovative, yet safe manner.

We will continue to innovate and update the range.

If you need more help or inspiration, contact our team via email:

INFORMATION FOR USE

- For use in conjunction with steamers and steam ovens for thermal disinfection.
- Items should be put into the EpicureSecure self-seal pouch and sealed according to the instructions. Care should be taken to avoid over-loading and to expel as much air as possible from the pouch by gently flattening the loaded pouch prior to sealing.
- Items should be thoroughly cleaned, polished and dried before being placed in EpicureSecure self-seal pouches.
- Place sealed pouches in the steamer or steam oven.
- Pouches should be arranged on a perforated tray at 100°C steam for a minimum of 25 minutes or at 150°C heat and steam for 15 minutes.
- Items should be removed from the oven and left to air dry. Care should be taken when handling as they may be hot.
- Items wrapped in EpicureSecure self-seal pouches should be stored carefully in clean, dry conditions to avoid damage to packs. Inspect packs for damage prior to use. **DO NOT USE IF PACK IS DAMAGED.**
- Storage conditions 30-50% RH humidity.

A close-up photograph of a person's hands using a hand sanitiser station. The person is wearing a dark suit jacket and a light-colored, striped shirt. Their right hand is holding the top of the station, while their left hand is held open below the nozzle. The station is a sleek, stainless steel device with a pump mechanism. The background shows a window and a carpeted floor.
