Invented in 1970, the R 301 Ultra Food Processor has become the emblem of its category and a global bestseller used in even the smallest kitchens around the world.

A two-in-one machine that functions as both a Vegetable Slicer and a Cutter Mixer, the R 301 Ultra Food Processor is one of the greatest allies of Chefs everyday. It processes fruits and vegetables in a wide variety of cuts (*23 stainless steel discs for 23 different cuts*), chops meat, fish, onions, herbs or spices, and makes sauces and emulsions

Robot-Coupe is launching the **R 301 Ultra Anniversary**, a **limited edition for unlimited creativity**. Thanks to an unprecedented selection of accessories, this version is more versatile than ever. There's no time to lose! This must-have unique offer is already available in France and around the world.
