This stainless steel lid provides an air tight silicone seal that keeps your food fresher for longer whilst lowering your levels of waste. The seal also protects against spillages if your container gets knocked over, saving you time on cleaning. Constructed from stainless steel, the lid is extremely durable to withstand heavy duty usage and ensure a long lifespan in your kitchen. The silicone seal ensures extra freshness for the contents of the pan the lid is covering, by creating a tight seal between the lid and the pan

Product features

- Fits all Prepara GN standard pans
- Material Stainless Steel
- Keeps food fresh
- Creates an airtight seal
- Silicone vent cover
- Perfect for storing and transporting food
