

# LWMP620 TECHNICAL DATA

Dimensions (mm)	LWMP620
Finish (Ext/Int)	Stainless Steel / Aluminium
Width (Ext/Int)	727/567
Depth (Ext/Int)	824/665
Height (Ext/Int)	1960/1411
Door Opening	567
Capacity cu.ft/ltrs	21.9/620
Temperature (°C)	-18/-22°C
Climate Class	Class 5 (40°C)
Power Supply	230V/50Hz/1Ph
Fuse (Amps)	13
Defrost	Automatic Electric
Noise level (dBA)	63

## Fittings

Shelves	4
---------	---

## Electrical / Energy Data - R290 Refrigerant

Refrigerant	R290
Start Up (Amps)	14.2
Running (Amps)	3.63
Heat Rejection	623

## Medi+ Controller

- Clear digital display
- Audio and visual hi/lo temp alarm
- Audio and visual door open alarm
- Maximum and minimum temperature memory
- Auto defrost
- Air & evaporator probe
- Lockable keypad
- Precise temperature control using decimal point operation

## IMPORTANT NOTES:

Heat rejection is evaporating at -10°C in 32°C Ambient

All refrigeration equipment requires adequate ventilation for efficient and effective performance.

## Key Features

- Spark free interior
- Precision injected, high density 80mm polyurethane insulation with low GWP (Global Warming Potential) and zero ODP (Ozone Depletion Potential)
- Designed and engineered to operate efficiently up to 43°C ambient
- Defrost water is vaporised using recycled heat from compressor
- Stainless steel exterior and aluminium interior
- Air cooled condensing unit
- Full length integral 'easy grab' door handle
- High performance helium leak testing
- Self closing doors, with barrel locks
- Options
- Magnetic balloon door gaskets with 100% tight seal
- Punched stainless steel shelves
- White nylon coated wire shelves
- Additional shelving
- Removable racking system with anti-tilt trayslides
- Left hand door hang
- Heavy duty, non-marking swivel castors with brakes
- Mains failure alarm

Williams is committed to a policy of continual product development and innovation. As such, we reserve the right to change product specifications stated without prior notice.
