Product Description

Promek are an Italian based manufacturer of juice dispensers making some of the best units on the market. The SF range is their premium unit suitable for diluted concentrate, juice (with pulp) or milk. There are single, double or triple tank dispensers to suit all requirements. Switchable paddle stirrers help keep the product at an even temperature. The unit is designed so it can be cleaned easily with removable stainless steel two piece tap and slide out drip trays. We can also supply 60Hz versions of this unit (on request) for placement on ships or offshore developments where regular mains current is not available.
